Apple Mail

- Yosemite keyboard lag problems
- How can I delete emails ?
- How can I stop junk mail from coming back ?

<https://discussions.apple.com/thread/6645153?start=0&tstart=0>

Stop Junk Mail From Returning

1. Open Mail > Preferences > Accounts > Mailbox Behaviors
2. Uncheck Store junk messages on the server
3. Set Delete junk messages when one day old (this may not be necessary if they aren't stored)
4. Check Move deleted messages to the Trash mailbox
5. Uncheck Store deleted messages on the server

Time Machine Interface Bug

- Some Yosemite users note intermittent problems with viewing Time Machine history files
- Backups are OK, but you can't get to them
- Problem is intermittent
- If you have this problem send me an email and I'll give you some things to try

Text Management Panels

- Font Panel (⌘ + T)
- Character Viewer (^ + ⌘ + spacebar)
- Keyboard Viewer
- Word Suggestions (esc)
- Dictionary Lookup (right-click)

Turn on Summarize Service

1. Go to Apple > Systems Preferences > Keyboard > Shortcuts
2. Select "Services" from the list of shortcut options.
3. Click on the dropdown arrow next to "Text" if it is not already open.
4. Scroll down to "Summarize" and check to see if the box is selected. If not, click on the box to turn it on.
