# Capture Screenshots

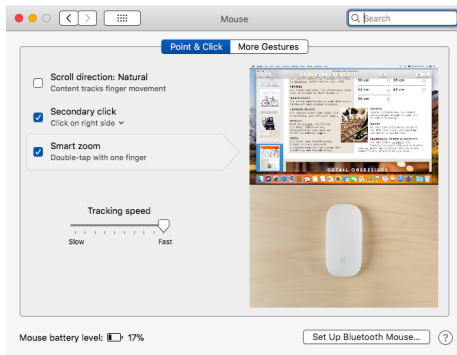

⇧ ⌘ 4 Capture a portion of the screen (select the area)

⇧ ⌘ 3 Capture the entire screen

The capture will be saved as an image file on your desktop.

**TIP** — use screen captures to record your email account settings. Save the images in a personal knowledge library app.

# Enable Secondary Click

# Set Default Email

Designate your default account for outgoing email (assuming you have multiple accounts).

- Select Mail | Preferences... from the Mail menu bar.
- Click the Composing tab.
- Select the desired account from the drop-down menu next to "Send new messages from"
- Close the preferences window to save your changes.

# Mail Signatures

## MANAGE FONTS IN MAIL SIGNATURES

- Mail > Preferences > Signatures
- Select text
- Format > Show Fonts (⌘ T)
- Change font/color
